

# Portugal Patient Organisation Funding

## **Respira - Associação Portuguesa de Pessoas com DPOC e outras Doenças Respiratórias Crónica**

RESPIRA – (Associação Portuguesa de Pessoas com DPOC e outras Doenças Respiratórias Crónica) is the Portuguese Association of People with COPD and Other Chronic Respiratory Diseases. Its mission is to contribute to the prevention and treatment of respiratory diseases and to be a pillar in the defence of the interests and rights of people with COPD and other chronic respiratory diseases.

We have supported this group since 2007.

### **During 2020:**

- GSK provided a financial support of €4.243,50 to support the implementation of the campaign “Say no Tobacco”, launched on World No Tobacco Day (WNTD), to raise awareness among young people about the health problems caused by tobacco

Our support represented less than 25% of their overall income.

---

## **Evita – Association of Support to Carriers of Cancer-related Hereditary Mutations**

Evita's mission is to improve the quality of life of individuals and families affected by hereditary cancer by being an active voice among institutions, medical and scientific communities, media, similar patient associations, and the general public; inform individuals so that they can evaluate their cancer risk by genetic predisposition, family history, or other factors

This is was the first year we support this Patient Organisation.

### **During 2020:**

- GSK provided a financial support of €2.500 to support the project “EVITA platform” - a patient-centred online space, accessible on any device, where all carriers of genetic mutation at high risk for cancer register and manage their clinical data, autonomously and independently, to create a repository of hereditary cancer knowledge (CH), which allows, in the future, inside and outside Portugal, through research based on real data, to save even more lives.

Our support represented less than 25% of their overall income.
